

More People Cycling More Often

Bicycle Parking and End-of-trip Facilities Seminar

FREE

Thursday 9 December - 2pm to 5:30pm

FREE

Level 4, National Library of Australia
Parkes Place, Canberra

Who should attend?

- Facilities managers
- Developers & property managers
- Architects & builders
- Business operators & managers
- Schools, Uni's, CIT

What the program covers

- **The benefits:**
 - of cycling as a means of transport;
 - to building owners and managers;
 - to riders - economic, health, time;
- The 6 keys to bicycle parking
- Case studies: best practice
- Getting it right the first time
- New regulations and their impact

Providing user friendly end-of-trip facilities encourages cycling which will:

Save money by reducing the need for car parking;
 Improve health, workplace productivity and well-being;
 Reduce greenhouse gas emissions;
 Remove bicycles from stairwells, plumbing pipes, offices and apartments.

Presented by Pedal Power ACT and Bicycle Victoria

Presenters include:

- Harry Barber - General Manager Bicycle Victoria
- Will Lester - Bicycle Parking Manager Bicycle Victoria
- Stefan Webb - Facilities Designer Bicycle Victoria

REGISTRATION IS ESSENTIAL as places are limited.
